

To: The Mayor and all Councillors and CEO,
Greater Shepparton Council

We the undersigned wish to record our agreement with the following propositions with respect to the draft Commercial Activity Centre Strategy and possible rezoning of land at Ford & Numurkah Road.

1. We agree that the Hawkins Street/Numurkah Road corner should be the sole focus of a newly developed activity centre for retail and services in North Shepparton.
 2. We agree that fragmenting an activity centre between Hawkins Street and Ford Road would not be acceptable for our shopping convenience.
 3. We agree that local suppliers of products and services, as well as recipients of Fairleys Supa IGA Community Fund will be negatively affected by adopting the draft strategy now before Council and that the Greater Shepparton community will be nearly \$6m pa worse off (including the multiplier effect) each year as a result of accepting the draft strategy.
- We urge you to refuse acceptance of the draft Commercial Activity Centre Strategy & re-zoning of the parcel of land on the proposal.

We agree that local suppliers of products and services, as well as recipients of Fairleys Supa IGA Community Fund will be negatively affected by adopting the draft strategy now before Council and that the Greater Shepparton community will be nearly \$6m pa worse off (including the multiplier effect) each year as a result of accepting the draft strategy.
- We urge you to refuse acceptance of the draft Commercial Activity Centre Strategy & re-zoning of the parcel of land on the proposal.

To: The Mayor and all Councillors and CEO,
Greater Shepparton Council

We the undersigned wish to record our agreement with the following propositions with respect to the draft Commercial Activity Centre Strategy and possible rezoning of land at Ford & Numurkah Road.

1. We agree that the Hawkins Street/Numurkah Road corner should be the sole focus of a newly developed activity centre for retail and services in North Shepparton.
 2. We agree that fragmenting an activity centre between Hawkins Street and Ford Road would not be acceptable for our shopping convenience.
 3. We agree that local suppliers of products and services, as well as recipients of Fairleys Supa IGA Community Fund will be negatively affected by adopting the draft strategy now before Council and that the Greater Shepparton community will be nearly \$6m pa worse off (including the multiplier effect) each year as a result of accepting the draft strategy.
- We urge you to refuse acceptance of the draft Commercial Activity Centre Strategy & re-zoning of the parcel of land on the proposal.

To: The Mayor and all Councillors and CEO,
Greater Shepparton Council

1912
Taylah Smith

We the undersigned wish to record our agreement with the following propositions with respect to the draft Commercial Activity Centre Strategy and possible rezoning of land at Ford & Numurkah Road.

1. We agree that the Hawkins Street/Numurkah Road corner should be the sole focus of a newly developed activity centre for retail and services in North Shepparton.
 2. We agree that fragmenting an activity centre between Hawkins Street and Ford Road would not be acceptable for our shopping convenience.
 3. We agree that local suppliers of products and services, as well as recipients of Fairleys Supa IGA Community Fund will be negatively affected by adopting the draft strategy now before Council and that the Greater Shepparton community will be nearly \$6m pa worse off (including the multiplier effect) each year as a result of accepting the draft strategy.
- We urge you to refuse acceptance of the draft Commercial Activity Centre Strategy & re-zoning of the parcel of land on the proposal.

To: The Mayor and all Councillors and CEO,
Greater Shepparton Council

We the undersigned wish to record our agreement with the following propositions with respect to the draft Commercial Activity Centre Strategy and possible rezoning of land at Ford & Numurkah Road.

1. We agree that the Hawkins Street/Numurkah Road corner should be the sole focus of a newly developed activity centre for retail and services in North Shepparton.
 2. We agree that fragmenting an activity centre between Hawkins Street and Ford Road would not be acceptable for our shopping convenience.
 3. We agree that local suppliers of products and services, as well as recipients of Fairleys Supa IGA Community Fund will be negatively affected by adopting the draft strategy now before Council and that the Greater Shepparton community will be nearly \$6m pa worse off (including the multiplier effect) each year as a result of accepting the draft strategy.
- We urge you to refuse acceptance of the draft Commercial Activity Centre Strategy & re-zoning of the parcel of land on the proposal.

 2. We agree that fragmenting an activity centre between Hawkins Street and Ford Road would not be acceptable for our shopping convenience.
 3. We agree that local suppliers of products and services, as well as recipients of Fairleys Supa IGA Community Fund will be negatively affected by adopting the draft strategy now before Council and that the Greater Shepparton community will be nearly \$6m pa worse off (including the multiplier effect) each year as a result of accepting the draft strategy.
- We urge you to refuse acceptance of the draft Commercial Activity Centre Strategy & re-zoning of the parcel of land on the proposal.

To: The Mayor and all Councillors and CEO,
Greater Shepparton Council

We the undersigned wish to record our agreement with the following propositions with respect to the draft Commercial Activity Centre Strategy and possible rezoning of land at Ford & Numurkah Road.

1. We agree that the Hawkins Street/Numurkah Road corner should be the sole focus of a newly developed activity centre for retail and services in North Shepparton.
 2. We agree that fragmenting an activity centre between Hawkins Street and Ford Road would not be acceptable for our shopping convenience.
 3. We agree that local suppliers of products and services, as well as recipients of Fairleys Supa IGA Community Fund will be negatively affected by adopting the draft strategy now before Council and that the Greater Shepparton community will be nearly \$6m pa worse off (including the multiplier effect) each year as a result of accepting the draft strategy.
- We urge you to refuse acceptance of the draft Commercial Activity Centre Strategy & re-zoning of the parcel of land on the proposal.

To: The Mayor and all Councillors and CEO,
Greater Shepparton Council

We the undersigned wish to record our agreement with the following propositions with respect to the draft Commercial Activity Centre Strategy and possible rezoning of land at Ford & Numurkah Road.

1. We agree that the Hawkins Street/Numurkah Road corner should be the sole focus of a newly developed activity centre for retail and services in North Shepparton.
 2. We agree that fragmenting an activity centre between Hawkins Street and Ford Road would not be acceptable for our shopping convenience.
 3. We agree that local suppliers of products and services, as well as recipients of Fairleys Supa IGA Community Fund will be negatively affected by adopting the draft strategy now before Council and that the Greater Shepparton community will be nearly \$6m pa worse off (including the multiplier effect) each year as a result of accepting the draft strategy.
- We urge you to refuse acceptance of the draft Commercial Activity Centre Strategy & re-zoning of the parcel of land on the proposal.

To: The Mayor and all Councillors and CEO,
Greater Shepparton Council

We the undersigned wish to record our agreement with the following propositions with respect to the draft Commercial Activity Centre Strategy and possible rezoning of land at Ford & Numurkah Road.

1. We agree that the Hawkins Street/Numurkah Road corner should be the sole focus of a newly developed activity centre for retail and services in North Shepparton.
 2. We agree that fragmenting an activity centre between Hawkins Street and Ford Road would not be acceptable for our shopping convenience.
 3. We agree that local suppliers of products and services, as well as recipients of Fairleys Supa IGA Community Fund will be negatively affected by adopting the draft strategy now before Council and that the Greater Shepparton community will be nearly \$6m pa worse off (including the multiplier effect) each year as a result of accepting the draft strategy.
- We urge you to refuse acceptance of the draft Commercial Activity Centre Strategy & re-zoning of the parcel of land on the proposal.

To: The Mayor and all Councillors and CEO,
Greater Shepparton Council

We the undersigned wish to record our agreement with the following propositions with respect to the draft Commercial Activity Centre Strategy and possible rezoning of land at Ford & Numurkah Road.

1. We agree that the Hawkins Street/Numurkah Road corner should be the sole focus of a newly developed activity centre for retail and services in North Shepparton.
 2. We agree that fragmenting an activity centre between Hawkins Street and Ford Road would not be acceptable for our shopping convenience.
 3. We agree that local suppliers of products and services, as well as recipients of Fairleys Supa IGA Community Fund will be negatively affected by adopting the draft strategy now before Council and that the Greater Shepparton community will be nearly \$6m pa worse off (including the multiplier effect) each year as a result of accepting the draft strategy.
- We urge you to refuse acceptance of the draft Commercial Activity Centre Strategy & re-zoning of the parcel of land on the proposal.

To: The Mayor and all Councillors and CEO,
Greater Shepparton Council

We the undersigned wish to record our agreement with the following propositions with respect to the draft Commercial Activity Centre Strategy and possible rezoning of land at Ford & Numurkah Road.

1. We agree that the Hawkins Street/Numurkah Road corner should be the sole focus of a newly developed activity centre for retail and services in North Shepparton.
 2. We agree that fragmenting an activity centre between Hawkins Street and Ford Road would not be acceptable for our shopping convenience.
 3. We agree that local suppliers of products and services, as well as recipients of Fairleys Supa IGA Community Fund will be negatively affected by adopting the draft strategy now before Council and that the Greater Shepparton community will be nearly \$6m pa worse off (including the multiplier effect) each year as a result of accepting the draft strategy.
- We urge you to refuse acceptance of the draft Commercial Activity Centre Strategy & re-zoning of the parcel of land on the proposal.

To: The Mayor and all Councillors and CEO,
Greater Shepparton Council

We the undersigned wish to record our agreement with the following propositions with respect to the draft Commercial Activity Centre Strategy and possible rezoning of land at Ford & Numurkah Road.

1. We agree that the Hawkins Street/Numurkah Road corner should be the sole focus of a newly developed activity centre for retail and services in North Shepparton.
 2. We agree that fragmenting an activity centre between Hawkins Street and Ford Road would not be acceptable for our shopping convenience.
 3. We agree that local suppliers of products and services, as well as recipients of Fairleys Supa IGA Community Fund will be negatively affected by adopting the draft strategy now before Council and that the Greater Shepparton community will be nearly \$6m pa worse off (including the multiplier effect) each year as a result of accepting the draft strategy.
- We urge you to refuse acceptance of the draft Commercial Activity Centre Strategy & re-zoning of the parcel of land on the proposal.

 3. We agree that local suppliers of products and services, as well as recipients of Fairleys Supa IGA Community Fund will be negatively affected by adopting the draft strategy now before Council and that the Greater Shepparton community will be nearly \$6m pa worse off (including the multiplier effect) each year as a result of accepting the draft strategy.
- We urge you to refuse acceptance of the draft Commercial Activity Centre Strategy & re-zoning of the parcel of land on the proposal.

To: The Mayor and all Councillors and CEO,
Greater Shepparton Council

We the undersigned wish to record our agreement with the following propositions with respect to the draft Commercial Activity Centre Strategy and possible rezoning of land at Ford & Numurkah Road.

1. We agree that the Hawkins Street/Numurkah Road corner should be the sole focus of a newly developed activity centre for retail and services in North Shepparton.
 2. We agree that fragmenting an activity centre between Hawkins Street and Ford Road would not be acceptable for our shopping convenience.
 3. We agree that local suppliers of products and services, as well as recipients of Fairleys Supa IGA Community Fund will be negatively affected by adopting the draft strategy now before Council and that the Greater Shepparton community will be nearly \$6m pa worse off (including the multiplier effect) each year as a result of accepting the draft strategy.
- We urge you to refuse acceptance of the draft Commercial Activity Centre Strategy & re-zoning of the parcel of land on the proposal.
