2019 Committee of Management Appointment Process

Background:

Shepparton Show Me (SSM) is the marketing body within Greater Shepparton City Council. It is tasked with driving demand for rate paying businesses from both within the Shepparton region and its core catchment, of regional centres within a 150 km radius including North Eastern Victoria and Southern Riverina NSW.

It works with Council, business and industry organisations to deliver a series of strategic programs which support the vision of positioning Shepparton as the premier location in Northern Victoria to do business, shop, dine, play and stay.

The SSM Committee was established by Council under section 86 of the Local Government Act 1989. An Instrument of Delegation delegates specific functions to the special committee, and the guidelines govern how this delegated power is exercised.

SSM is funded through the annual Council budgeting process and delivers on a five-year strategic marketing plan.

Composition and Eligibility:

The SSM Committee is representative of the local business community through its nine appointed voting members, two Councillors and a Council Officer and three non-voting Council Officer Members.

Those nominating must be either an owner or employee of a business that is located within Shepparton as a rate paying business. The positions are held by individuals who are nominated based on their merit.

Home based businesses are ineligible as they do not contribute to the rate funding that supports the SSM initiative.

Media/advertising companies and their representatives are also ineligible due to avoid any conflict of interest issues.

Skills and Experience:

As a Section 86 Committee responsible for overseeing a strategic marketing plan and management of rate-funded budget is it desirable for the board to have a mix of the following skills, experience and/or qualifications in the areas of marketing, governance, finance/financial management/financial literacy, business operation, business engagement, data collection and analysis and tourism.

Committee members should also have a passion and want to be actively involved in contributing to the continued prosperity of Shepparton.
The Committee should also be diverse in terms of representation of a variety of different cultures, genders, values, opinions and perspectives.
