Training

Encouraging Language Development in Early Childhood Settings

Developed in partnership with the Greater Shepparton Best Start program and Scope, and using material from The Hanan Centre 'Teacher Talk' program, the training incorporates three modules:

Module 1: Understanding Language Development - a session focused on speech and language development in young children.

Module 2: Fostering Children's Communication Skills - a practical session providing information and strategies to support language development in everyday interactions.

Module 3: Providing Language-Rich Learning Environments - a practical session building on previous strategies to support the development of language rich learning environments and practices.

- **Date:** Monday 12 and 19 October
(2 day training)
- **Time:** 3pm to 7pm
- **Cost:** \$195 p/p
