

# To do: Register your baby before they're 60 days old!

It's online and it's free!

You need to register your baby to get a birth certificate (a fee applies for birth certificates).

If you need help call us on 1300 369 367 — we are happy to assist.

For help in other languages visit [www.bdm.vic.gov.au](http://www.bdm.vic.gov.au)

If you need the Translating and Interpreting Service, call 13 14 50 and ask them to contact the Registry of Births, Deaths and Marriages Victoria on 1300 369 367.

Visit [www.bdm.vic.gov.au/baby](http://www.bdm.vic.gov.au/baby)

Register your baby and order a birth certificate in an easy online process.

A birth certificate helps you and your child to access important services:

- government services and payments
- school
- a passport
- a driver's licence and tax file number (when they're older).

You can also celebrate a birth by purchasing an additional commemorative birth certificate — there are lots of designs to choose from!
