Immunisation

Greater Shepparton City Council's Environmental Health department provides a regular immunisation service in various locations around Greater Shepparton.

Greater Shepparton City Council offers free vaccinations, available through the National Immunisation Program Schedule for infants, school children and adults. All community immunisation sessions need to be booked online.

Online Community Immunisation Bookings
Click here to view available sessions and make a booking online.

The Immunisation Program Calendar is available below.

Book immunisations online

All community immunisation sessions need to be booked online. Please see below for directions on how to make a booking.

To attend an immunisation clinic, please book an appointment for one of our clinics using the Victorian Department of Health's Central Immunisation Records Victoria (CIRV) portal.

Immunisations Bookings

How to make a booking via the CIRV portal

1. Sign up / Sign in

To book an appointment for yourself or your family, you will first need to sign in to your [Central Immunisation Records Victoria](#) account. If you don't have an account you will be prompted to create one.

Before creating an account, make sure you have:

- Email address
- Access to the email account
- Medicare card (if you have one)

The screenshot shows the CIRV portal homepage. At the top, there is a navigation bar with the text "CIRV HOME" and a "Sign in or create an account" button, which is circled in red. Below the navigation bar, the main heading reads "The Central Immunisation Records Victoria" with the tagline "Protecting the Victorian community from vaccine preventable diseases." To the right, there is a section titled "Want to know more about..." with links to "National Immunisation Program Schedule", "Immunisation schedule Victoria and vaccine eligibility criteria", and "Immunisation Victoria". Below this, there is a section titled "About the Central Immunisation Records Victoria" with a paragraph of text. At the bottom, there are two images: one showing a woman and a child, and another showing a man in a medical setting.

FOR THE FIRST TIME, YOU NEED TO CREATE AN ACCOUNT IN CIRV & SIGN UP

The Central Immunisation Records Victoria

Protecting the Victorian community from vaccine preventable diseases.

Want to know more about...

National Immunisation Program Schedule →

Immunisation schedule Victoria and vaccine eligibility criteria →

Immunisation Victoria →

About the Central Immunisation Records Victoria

Infants, children, adolescents, adults and special risk groups are eligible to receive some vaccines for free under the National Immunisation Program (NIP). The Victorian Government also funds the provision of some vaccines that are not included on the NIP. Some groups of people can receive free routine and catch-up vaccines following a clinical assessment made by an immunisation provider based on the individual risk for the person.

Book a community immunisation appointment

Book an appointment with your local immunisation provider or find a venue near you.

Book a corporate immunisation appointment

If you have a unique reservation code, book an appointment for a private session.

Book a vaccination appointment

You will need to sign in to your Central Immunisation Records Victoria account to book. If you don't have an account you can create one.

If you are not already using a modern browser, please use Google Chrome, Microsoft Edge or Apple Safari. Internet Explorer is not supported. If you experience any issues please call your local council or immunisation provider. For translating and interpreting services, call 131 450.

Privacy collection notice

The Department of Health ('the department') is collecting your personal and health information to complete your registration in the Central Immunisation Records Victoria (CIRV), create a record of your vaccination(s) and obtain your feedback after your vaccination.

If you choose to register with CIRV, the department will use your information to book your vaccination, provide you with a reminder about your bookings, provide you with a reminder about when your next vaccination is due, and may send you a survey in which you can record your post vaccination outcomes.

If you do not provide complete information in the registration process or in response to the survey, we may not be able to assess your suitability for the vaccine and/or identify any adverse reactions. This may pose a risk to your health.

The department will provide access to CIRV to registered vaccination providers (i.e. health care workers who are providing vaccinations) so that they can record details of your vaccination in your CIRV record, and provide you with healthcare and vaccination services.

The department will use the CIRV database, including your information, to retrieve your vaccination history from the Australian Immunisation Register, to facilitate your vaccination, contacting you about further vaccinations, manage vaccination processes in Victoria including analysis of data collected, monitor use of the CIRV database, perform access and use audits, and perform required system maintenance and any other uses or disclosures authorised or required by law.

The department will disclose your personal and health information that is specific to your vaccination to:

- the Australian Immunisation Register held by the Commonwealth Department of Health (which may be viewed on your My Health Record, subject to your settings); and
- SAEFVIC (identifiable information) and AusVaxSafety (de-identified information only) in the event that you have an adverse reaction, so that the safety of vaccines can be monitored.

You can access and correct some information in CIRV about you through your account in CIRV. The rest of the information in CIRV about you can be accessed and corrected through the organisation administering your vaccination.

You can apply for access to information the department holds about you. The department's Freedom of Information Unit may be contacted on email: foi@health.vic.gov.au

For information on the department's Privacy policy or on how the department manages privacy, please contact the Privacy unit on email: privacy@health.vic.gov.au
