Mayor's Introduction

The 2019/2020 Budget supports the vision and objectives of the Greater Shepparton City Council Plan 2017-2021. The Budget demonstrates how Council will achieve the Council Plan priorities to ensure positive outcomes for the Greater Shepparton community. It also details the allocation of scarce resources for the delivery of services and the provision of community assets.

In developing the 2019/2020 Budget, Council has adhered to key financial principles which are to achieve a financially sustainable budget, the responsible management of existing assets and prudent borrowing.

These principles are essential with consideration to challenging environments including rate capping, ageing infrastructure and the ever growing and changing needs of the community. Adhering to the key financial management principles allows Council to continue to plan for a financially sustainable future. Important to this is the ongoing support from the Federal Financial Assistance Grant funding program, which makes up approximately 8 per cent of Council's total revenue.

Increases in rates and charges revenue have been capped at 2.5 per cent as per the State Government's Fair Go Rates System (FGRS). For 2019/2020 Council has elected not to apply to the Essential Services Commission (ESC) for a variation to the rate cap. This continues a commitment by Council to exhaust all other avenues of meeting its funding needs before seeking a variation.

2019/2020 is a significant year for Council's capital works program. Significant works include the new Shepparton Art Museum building, major road renewal and upgrade expenditure across the municipality as well as considerable expenditure in Recreational, Leisure and Community Facilities assets.

These works, along with the numerous services that Council provides to the community, contribute to making our municipality a great place to live and work. I am very positive about the future of Greater Shepparton.

Budget Summary

The following provides a statistical snapshot of the 2019/2020 budget:

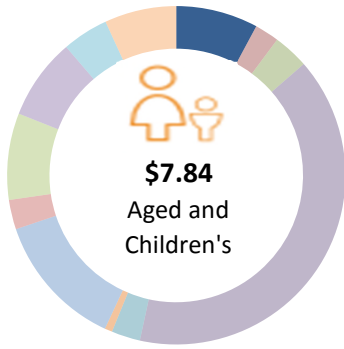

Total Revenue	\$153.32 million (2018/2019 forecast = \$152.01 million)
Total Expenditure	\$127.99 million (2018/2019 forecast = \$126.09 million)
Accounting Result	\$25.33 million surplus (2018/2019 forecast = \$25.93 million surplus) (Refer Comprehensive Income Statement in section 3)
Adjusted Underlying Operating Result	\$5.18 million deficit (2018/2019 forecast = \$2.34 million surplus) (Refer Notes to the Financial Statements section 4)
Note: Underlying operating result is an important measure of financial sustainability as it excludes income which is to be used for capital, from being allocated to cover operating expense.	
Cash Result	\$30.13 million deficit (2018/2019 forecast = \$12.99 million surplus) (Refer Statement of Cash Flow in section 3)
This is the net funding result after considering the funding requirement to meet loan principal repayments and the reserve transfers	
Capital Works Program	\$73.68 million (2018/2019 forecast = \$43.08 million) - \$49.43 million from Council operations - \$24.25 million from external grants and contributions

In this budget we have allocated funding of \$40.01 million for asset renewals, upgrades and expansions. The budget also funds \$33.66 million for new assets. Highlights of the capital program include:

- Buildings (\$30.8 million) - including the construction of the new Shepparton Art Museum
- Roads (\$21.11 million) – including roads for renewal program Maude Street Upgrade, and Balaclava/Verney/Dookie Intersection Upgrade
- Recreational, Leisure and Community Facilities (\$4.81 million) - including sports infrastructure renewals and Kialla Park Recreation Reserve Change Rooms.

Below provides an indication of how Council allocates it's expenditure across the main services it delivers. It shows how much is allocated to each service area for every \$100 that Council spends.

1. Link to the Council Plan

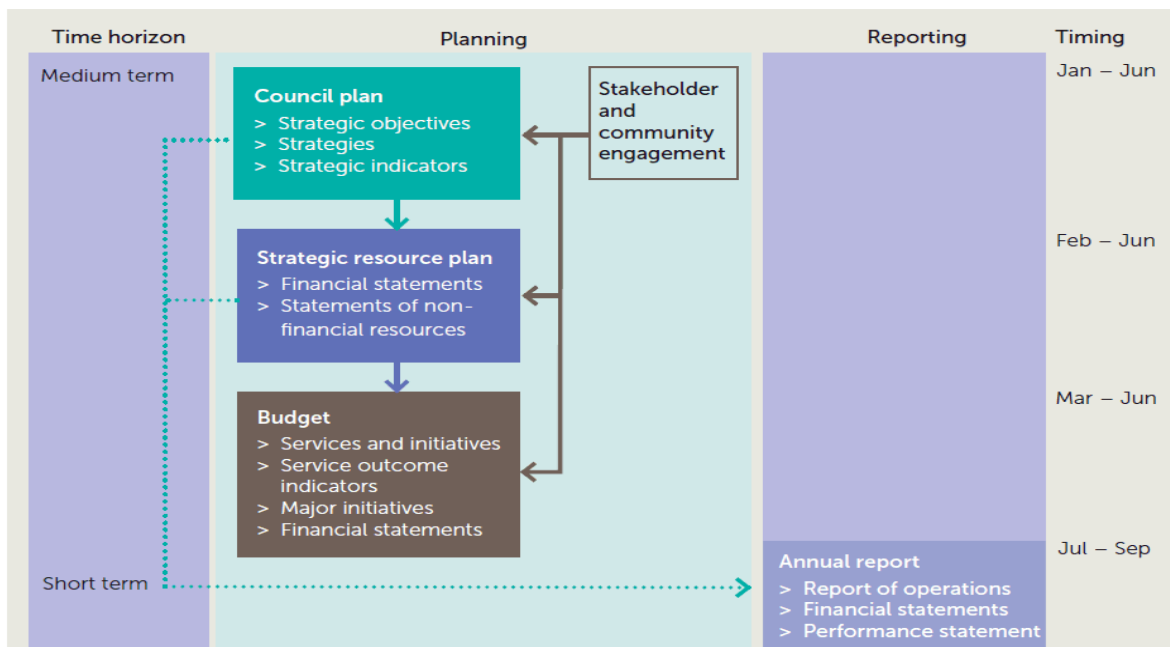

This section describes how the Annual Budget links to the achievement of the Council Plan within an overall planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term, medium term (Council Plan) and short term (Annual Budget) and then holding itself accountable (Annual Report).

1.1 Planning and accountability framework

The Strategic Resource Plan, part of and prepared in conjunction with the Council Plan, is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The Annual Budget is framed within the Strategic Resource Plan, considering the services and initiatives which contribute to achieving the strategic objectives specified in the Council Plan. The diagram below depicts the planning and accountability framework that applies to local government in Victoria.

Source: Department of Environment, Land, Water and Planning

Feeding in to the above, Council has a long term plan which articulates a community vision, mission and values. The Council Plan is prepared with reference to Council's long term Community Plan.

The timing of each component of the planning framework is critical to the successful achievement of the planned outcomes.

1.1.2 Key planning considerations

Service level planning

Although councils have a legal obligation to provide some services— such as animal management, local roads, food safety and statutory planning—most council services are not legally mandated, including some services closely associated with councils, such as libraries, building permits and sporting facilities. Further, over time, the needs and expectations of communities can change. Therefore councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works.

1.2 Our purpose

Our vision

Greater Shepparton, Greater Future, a thriving economy in the foodbowl of Victoria with excellent lifestyles, innovative agriculture, a diverse community and abundant opportunities.

Our values

Greater Shepparton City Council has a clear strength in the bond and affinity between its Councillors, the community and staff. Staff support the community leadership and governance role of Councillors, and work together to achieve the commitments of the Council Plan. Having all Greater Shepparton City Council staff practise the following organisational values enhance the quality of this partnership:

- **Respect first, always** - We are attentive, listen to others and consider all points of view in our decision making.
- **Take ownership** - We take pride in honouring our promises and exceeding expectations, and are transparent with and accountable for our actions.
- **Courageously lead** - We lead with integrity, and stand by what is in the best interests of the Greater Shepparton community.
- **Working together** - We work collaboratively to create higher quality outcomes that are more efficient, thoughtful, effective and responsive. We cannot accomplish all that we need to do without working together.
- **Continually innovate** - We are open to new ideas and creatively seek solutions that encourage us to do our best for our community.
- **Start the celebration** - As ambassadors for our people and place, we proudly celebrate the strengths and achievements of Council and the Greater Shepparton community.

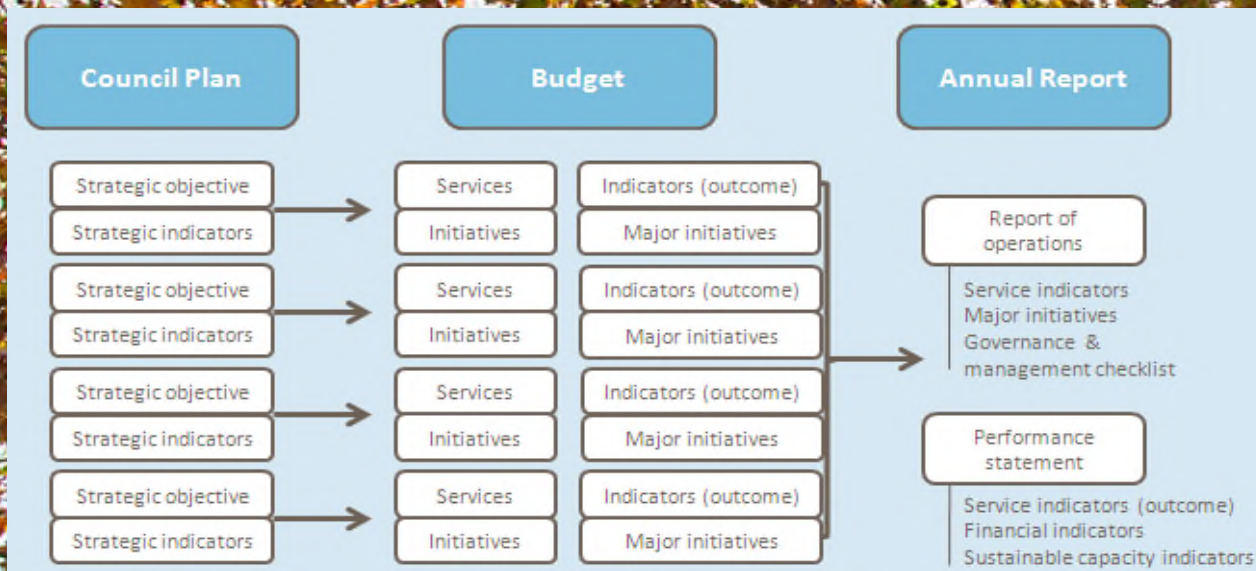

1.3 Strategic objectives

Council delivers activities and initiatives under 5 major service categories. Each contributes to the achievement of one of the five Strategic Objectives as set out in the Council Plan for the 2017-2021 years. The following table lists the five Strategic Objectives as described in the Council Plan.

Strategic Objective	Description
Leadership and Governance	Provide strong civic leadership, advocacy and good governance in the operation of Greater Shepparton City Council.
Social	Develop resilient, inclusive, healthy communities that make Greater Shepparton a safe and harmonious place to live, work, learn and play.
Economic	Build a thriving, resilient economy where Greater Shepparton is recognised as a competitive place to invest and grow business.
Built	Provide and support appealing relevant infrastructure that makes Greater Shepparton an attractive, liveable regional city.
Environment	Enhance and protect the clean, green environment that makes Greater Shepparton the unique place it is.

2. Services and Service Performance Indicators

This section provides a description of the services and initiatives to be funded in the Budget for the 2019/2020 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan. It also describes several initiatives and service performance outcome indicators for key areas of Council's operations. Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the Budget and report against them in their Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below

3. Financial Statements

This section presents information in regard to the Financial Statements and Statement of Human Resources. The budget information for the year 2019/2020 has been supplemented with projections to 2022/2023 extracted from the Strategic Resource Plan.

This section includes the following financial statements prepared in accordance with the Local Government Act 1989 and the Local Government Planning and Reporting regulations 2014.

Comprehensive Income Statement
Balance Sheet
Statement of Changes in Equity
Statement of Cash Flows
Statement of Capital Works
Statement of Human Resources

Pending Accounting Standards

The 2019/2020 budget has been prepared based on the accounting standards applicable at the date of preparation. This means that pending accounting standards that will be in effect from the 2019/2020 financial year have not been considered in the development of the budget.

Standards that are likely to impact on the 2019/2020 financial statements, not considered in the preparation of the budget include:

- AASB 16 Leases
- AASB 15 Revenue from Contracts with Customers, and
- AASB 1058 Income of Not for Profit Entities.

While it is not possible to determine the precise impact of these standards at this time, the broad impact on Council is estimated to be as follows:

- AASB 16 Leases – Introduces a single lessee accounting model whereby the Council will be required to recognise a right of use asset and associated liability for leases longer than 12 months, except those considered to be of low value.
- AASB 15 Revenue from Contracts with Customers and AASB 1058 Income of Not for Profit Entities – Change the way that Councils recognise income and also address matters such as grant funding, contribution of assets and volunteer services. A key change is replacement for some transactions of the criteria of control as a determinant of the timing of income recognition, with the criteria of satisfying performance obligations in an enforceable agreement. These new standards have the potential to impact the timing of how the Council recognises income.

The 2018/2019 staff numbers reflect the 2018/2019 Adopted Budget. The 2019/2020 budget was prepared on the assumption that Council has full complement of staff to the approved FTE levels. To allow for natural staff turnover, total salary and related expenses were decreased by 2 per cent across the Council to recognise the possible savings from staff vacancies during the year.

A summary of human resources expenditure categorised according to the organisational structure of Council is included below:

4. Notes to the Financial Statements

This section presents detailed information on material components of the financial statements. Council needs to assess which components are material, considering the dollar amounts and nature of these components.

4.1 Comprehensive Income Statement

4.1.1 Adjusted underlying deficit - Greater Shepparton calculation (\$7.52 million decrease)

	Forecast			
	Actual	Budget	Variance	Variance
	2018/19	2019/2020	(Fav)/Unfav	(Fav)/Unfav
	\$'000	\$'000	\$'000	%
Total income	152,014	153,317	(1,303)	(1%)
Total expense	(126,086)	(127,991)	1,905	2%
Surplus (deficit) for the year	25,928	25,326	602	2%
Grants - Capital	(9,152)	(20,707)	11,555	126%
Contributions - Capital	(1,558)	(3,541)	1,983	127%
Capital contributions - Non-Monetary	(13,031)	(6,412)	(6,619)	(51%)
Net gain/(loss) on disposal of property, infrastructure, plant and equipment	150	155	(5)	(4%)
Operating surplus (deficit)	2,337	(5,179)	7,516	322%

The adjusted underlying result is the net surplus or deficit for the year adjusted for capital grants, capital contributions, non-monetary asset contributions, and the net gain/loss on disposal of assets. It is a measure of financial sustainability and Council's ability to achieve its service delivery objectives as it is not impacted by capital income items which can often mask the operating result. The adjusted underlying result for the 2019/2020 year is a deficit of \$5.18 million which is a decrease of \$7.52 million from the 2018/2019 year.

This has been impacted by the early receipt of 50% of the 2019/2020 Federal Financial Assistance Grant of \$6.49m in June 2019.

4.1.2 Rates and Charges (\$3.17 million increase)

Rates and charges are required by the Act and the Regulations to be disclosed in Council's annual budget.

In developing the Strategic Resource Plan, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the Strategic Resource Planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2019/2020 the FGRS cap has been set at 2.5%. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rate and the municipal charge will increase by 2.5% in line with the rate cap.

This will raise total rates and charges for 2019/2020 of \$79.67 million, excluding supplementary rates and interest.

4.1.2(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

	2018/19 \$'000	2019/20 \$'000	Variance \$'000	Variance %
General rates*	(60,840)	(63,625)	(2,785)	(4.58%)

Waste management charge	(9,760)	(10,058)	(298)	(3.05%)
Supplementary rates and rate adjustments	(781)	(784)	(3)	(0.38%)

Total rates and charges	(77,469)	(80,636)	(3,167)	(4.09%)

*These items are subject to the rate cap established under the FGRS

4.1.2(b) The rate in the dollar to be levied as general rates under section 158 of the Act for each type or class of land compared with the previous financial year

Type or class of land	2018/19 cents/\$CIV	2019/20 cents/\$CIV	Variance %

Total amount to be raised by general rates	61,959,868	63,624,639	1,664,771	2.69%

^It should be noted that the rates and charges for 2018/2019 have been adjusted for supplementary rates received during the 2018/2019 financial year on a full year rate or annualised basis. Whilst properties subjected to supplementary rates have received pro-rata rate accounts, the above rate figures are based on the income that would have been received if the accounts were for a full twelve month period.

4.1.2(d) The number of assessments in relation to each type or class of land, and the total number of assessments, compared with the previous financial year

^It should be noted that the rates and charges for 2018/2019 have been adjusted for supplementary rates received during the 2018/2019 financial year on a full year rate or annualised basis. Whilst properties subjected to supplementary rates have received pro-rata rate accounts, the above rate figures are based on the income that would have been received if the accounts were for a full twelve month period.

4.1.2(l) Fair Go Rates System Compliance

Greater Shepparton City Council is fully compliant with the State Government's Fair Go Rates System.

	2018/19	2019/20
Total Rates	\$ 65,339,702	\$67,949,488

Budgeted General Rates and Municipal Charges Revenue	\$ 2,262	\$ 2,281

4.1.2(m) Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges.

However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations (2019/20: estimated \$783,935 and 2018/19: estimated \$781,000)
- The variation of returned levels of value (e.g. valuation appeals)
- Changes of use of land such that rateable land becomes non-rateable land and vice versa
- Changes of use of land such that residential land becomes business land and vice versa.

4.1.2(n) Differential rates

Refer to Appendix B for differential rates definitions

Rates to be levied

A general rate of 0.507319% (0.00507319 cents in the dollar of CIV) for all rateable General Land

A general rate of 0.456587% (0.00456587 cents in the dollar of CIV) for all rateable Farm Land

A general rate of 1.040004% (0.01040004 cents in the dollar of CIV) for all rateable Commercial/Industrial Land

A general rate of 0.370343% (0.00370343 cents in the dollar of CIV) for all rateable Cultural and Recreational Land

4.1.3 Statutory fees and fines (\$0.31 million increase)

Town planning fees	570	525	45	8%
Land Information Certificates	67	65	2	3%
Total statutory fees and fines	2,889	3,200	(311)	(11%)

Statutory fees and fines relate mainly to fees and fines levied in accordance with legislation and include animal registrations, *Public Health and Wellbeing Act 2008* registrations and parking fines. Increases in statutory fees are made in accordance with legislative requirements.

Statutory fees are projected to increase by 10.8 per cent or \$0.31 million compared to 2018/2019.

The increase in Infringements and Costs relates to an increase in parking infringements; the increase in Permits relates to the increase in fees and charges in Environmental Health as well as an increase in Planning and Building permit income; and the decrease in Town Planning Fees is related to planning permits.

A detailed listing of statutory fees is included in Appendix A.

4.1.4 User fees (\$0.42 million decrease)

Environmental health	19	18	0	2%
Parking	1,199	1,199	0	0%
Total user fees	18,893	18,469	423	2%

User Fees relate mainly to the recovery of service delivery costs through the charging of fees to users of Council's services. These include the use of leisure, entertainment and other community facilities and the provision of community services such as family day care and home help services. In setting the budget, the key principle for determining the level of user charges has been to ensure market comparability and benchmarking against like businesses.

User Fees are projected to decrease by 2.2 per cent or \$0.42 million compared to 2018/2019.

The increase in Children Services relates to an increase in full fee paying families at early childhood education centres; the increase in Arts and Culture relates to an increase in utilisation of Eastbank and Westside performing arts centres based on the 2019/2020 performance program; and the increase in Waste Management is due to an increase in fees and charges for the three resource recovery centres. The decrease in Other relates to Greater Shepparton City Council no longer providing services to the Pine Lodge Cemetery and Kialla West Cemetery trusts from 2019/2020 onwards.

A detailed listing of fees and charges is included in Appendix A.

Operating grants include all monies received from State and Federal sources for the purposes of funding the delivery of Council's services to ratepayers. Overall, the level of operating grants is projected to decrease by 29.9 per cent or \$7.42 million compared to 2018/2019.

The increase/decrease in specific grant funding reflect expected increased/decreased demand for these services. The decrease in Federal Financial Assistance Grant funding, distributed through the Victorian Grants Commission (VGC) results from receiving \$6.49 million (50%) of the 2019/2020 grant allocations in June 2019.

Capital grants include all monies received from State, Federal and community sources for the purposes of funding the capital works program. Overall the level of capital grants has increase by 126.3 per cent or \$11.56 million compared to 2018/2019. Section 4.5 includes a more detailed analysis of the capital grants and contributions expected to be received during the 2019/2020 year.

Contributions relate to monies paid by various community sources towards capital and operating expenses. This includes contributions from developers in regard to public sport and recreation, drainage and car parking in accordance with planning permits issues for property development.

Contributions are projected to decrease by 32.5 per cent or \$5.31 million compared to 2018/2019 mainly due to lower non-monetary contributions (eg. developer gifted assets).

Other income relates to a range of items such as interest revenue on investments and rental income items.

Other income is projected to decrease by 21.7 per cent or \$0.57 million compared to 2018/2019 largely due to lower interest income from lower levels on investments.

Employee Costs include all labour related expenditure such as wages and salaries and on-costs such as allowances, leave entitlements, employer superannuation, etc.

Employee Costs is projected to increase by 2.4 per cent or \$1.16 million compared to 2018/2019. This increase relates to three key factors:

- Council's Enterprise Bargaining Agreement (EBA)
- The 2019/2020 budget was prepared on the assumption that Council has full complement of staff to the approved FTE level

Utilities	2,699	2,682	(17)	(1%)
Total materials and services	48,775	47,020	(1,755)	(4%)

Materials and services include the purchase of consumables, corporate expenses, payments to contractors for the provision of services and utility costs. Materials and services are projected to decrease by 3.6 per cent or \$1.75 million compared to 2018/2019.

The increase in Waste Management mostly relates to an increase in the contract payments for kerbside garbage collection. The decrease in Non Council Asset Works relates to one off projects completed in 2018/2019; the decrease in Consultants relates to the design for the Shepparton Sports Stadium and Riverlinks master plan completed in 2018/2019; and the decrease in Operational Supplies and Services is due to no longer delivering home and community care programs for younger people (under 65).

4.1.10 Depreciation and Amortisation (\$2.4 million increase)

	Forecast		Variance (Fav)/Unfav \$'000	Variance (Fav)/Unfav %
	Actual	Budget		
	2018/19 \$'000	2019/20 \$'000

Plant & equipment	2,170	3,092	922	42%
Total depreciation and amortisation	26,102	28,505	2,403	9%

Depreciation is an accounting measure which attempts to allocate the value of an asset over its useful life for Council's property, plant and equipment including infrastructure assets such as roads and drains. Depreciation is projected to increase by 9.2 per cent or \$2.4 million compared to 2018/2019. Refer to section 4.5 for more detailed analysis of Council's capital works program for the 2019/2020 year.

4.1.11 Borrowing Costs (\$0.01 million decrease)

Interest - Borrowings	1,002	995	(7)	(1%)
Total Borrowing Costs	1,002	995	(7)	(1%)

Borrowing Costs relate to interest charges by financial institutions on funds borrowed. Borrowings costs are projected to decrease by 0.7 per cent or \$0.01 million compared to 2018/2019.

4.2 Balance Sheet

4.2.1 Assets - Current Assets (\$30.05 million decrease) and Non-Current Assets (\$51.03 million increase)

Cash and cash equivalents include cash and investments such as cash held in the bank and in petty cash and the value of investments in deposits or other highly liquid investments with short term maturities of three months or less. Investments with a maturity greater than 3 months are classified as Other Financial Assets. These balances are projected to decrease by \$32.85 million during the year and are used to fund operations and the capital works program.

Trade and other receivables are monies owed to Council. This balance is projected to increase by \$2.8 million during the year. Short term debtors are not expected to change significantly in the budget. Council does not have any long term debtors.

Other Assets includes items such as prepayments for expenses that Council had paid in advance of service delivery, inventories or stocks held for sale or consumption in Council's services.

Property, infrastructure, plant and equipment is the largest component of Council's worth and represents the value of all the land, buildings, roads, vehicles, equipment, etc. which has been built up by Council over many years. The \$51.03 million increase in this balance is attributable to the net result of the capital works program new assets, depreciation of assets and the sale or disposal of assets.

4.2.2 Liabilities - Current Liabilities (\$2.91 million decrease) and Non-Current Liabilities (\$1.44 million decrease)

Trade and other payables are those to whom Council owes money as at 30 June. This balance is projected to decrease by \$2.99 million during the year. These liabilities are budgeted to remain within consistent levels.

Provisions include Cosgrove 2 landfill rehabilitation, and accrued long service leave, annual leave and rostered days off owing to employees. These liabilities are budgeted to remain within consistent levels.

Interest-bearing loans and borrowings are borrowings of Council. The Council is budgeting to repay loan principal of \$1.36 million over the year. Council has no borrowings proposed for 2019/2020.

4.2.3 Working Capital (\$27.14 million decrease)

Working capital is the excess of current assets above current liabilities. This calculation recognises that although Council has current assets, some of those assets are already committed to the future settlement of liabilities in the following 12 months, and are therefore not available for discretionary spending.

4.2.4 Equity (\$25.33 million increase)

Total Equity always equals net assets and is made up of the following components:

- Asset revaluation reserve which represents the difference between the previously recorded value of assets and their current valuations
- Accumulated surplus which is the value of all net assets less reserves that have accumulated over time. The increase in accumulated surplus of \$25.33 million results directly from the operating surplus for the year.

4.2.5 Statement of Borrowings

The table below shows information on borrowings specifically required by the Regulations.

	2018/19	2019/20
	\$	\$
Amount borrowed as at 30 June of the prior year	18,435	17,068
Amount proposed to be borrowed	0	0
Amount projected to be redeemed	(1,367)	(1,361)
Amount of borrowings as at 30 June	17,068	15,707

4.3 Statement of Cash Flows

4.3.1 Operating Activities (\$2.63 million increase)

Operating Activities refer to cash generated or used in the normal service delivery functions of Council. Cash remaining after paying for the provision of services to the community may be available for investment in capital works, or repayment of debt. The increase in cash inflows from operating activities is due mainly to \$16m of capital grant funding expected for the new Shepparton Art Museum in 2019/2020. This is partially offset by a reduction in operating grants due to 50% of the 2019/2020 Federal Financial Assistance funding being received in June 2019.

The net cash flows from operating activities does not equal the surplus (deficit) for the year in the Income Statement as the expected revenues and expenses of the Council include non-cash items which have been excluded from the Cash Flow Statement. The budgeted operating result is reconciled to budgeted cash flows available from operating activities as set out in the following table:

	Forecast			
	Actual	Budget	Variance	Variance
	2018/19	2019/20	(Fav)/Unfav	(Fav)/Unfav
	\$'000	\$'000	\$'000	%
Surplus (deficit) for the year	25,928	25,326	602	2%
Depreciation	26,102	28,505	2,403	9%
Contributions - non-monetary - Capital	(13,031)	(6,412)	6,619	51%
Loss (gain) on disposal of property, infrastructure, plant & equipment	(150)	(155)	(5)	(4%)
Finance Costs	(1,002)	(995)	(7)	(1%)
Net Movement in current assets and liabilities	2,303	(3,486)	5,789	251%
Cash Flows available from operating activities	40,151	42,783	(2,632)	(7%)

4.3.2 Investing Activities (\$45.76 million increase)

Investing Activities refer to cash generated or used in the enhancement or creation of infrastructure and other assets. These activities also include the acquisition and sale of other assets such as vehicles, property, and equipment. The increase in cash outflows from investment activities represents the increase in the capital works program.

4.3.3 Financing Activities (\$0.01 million decrease)

Financing Activities refer to cash generated or used in the financing of Council functions and include borrowings from financial institutions and advancing of repayable loans to other organisations. These activities also include repayment of the principle component of loan repayments for the year.

4.3.4 Cash and Cash Equivalents at end of the year (\$30.13 million decrease)

Overall, total cash and investments is forecast to decrease by \$30.13 million to \$6.67 million as at 30 June 2020, reflecting Council's strategy of using existing cash and investments to enhance existing and create new infrastructure. This is consistent with Council's Strategic Resource Plan.

4.4 Restricted and unrestricted cash and investments

Cash and cash equivalents held by Council are restricted in part, and not fully available for Council's operations. The budgeted cash flow statement indicates that Council is estimating at 30 June 2020 it will have cash and investments of \$17.55 million, which has been restricted as shown in the following table.

		Forecast			
		Actual	Budget	Variance	Variance
	Ref	2018/19	2019/20	(Fav)/Unfav	(Fav)/Unfav

Unrestricted cash adjusted for discretionary	4.4.5	27,605	4,794	22,812	83%

4.4.1 Statutory reserves (\$3.5 million)

These funds must be applied for specified statutory purposes in accordance with various legislative requirements. While these funds earn interest revenues for Council, the funds are not available for other purposes.

4.4.2 Cash held to fund carry forward capital

There is no amount shown as cash held to fund carry forward works at 30 June 2020, as it expected that the capital works budget in the 2019/2020 financial year will be fully completed.

4.4.3 Unrestricted cash and investments (\$11.22 million)

The amount shown is in accordance with the definition of unrestricted cash included in the Regulations. These funds are free of statutory reserve funds and cash to be used to fund capital works expenditure from the previous financial year.

4.4.4 Discretionary reserves (\$6.42 million)

These funds are shown as discretionary reserves. Although not restricted by a statutory purpose Council has made decisions regarding the future use of these funds and unless there is a Council resolution these funds should be used for those earmarked purposes.

4.4.5 Unrestricted cash adjusted for discretionary reserves (\$4.79 million)

These funds are free of all specific Council commitments and represent funds available to meet daily cash flow requirements, unexpected short term needs and any budget commitments which will be expended in the following year such as grants and contributions. Council regards these funds as the minimum necessary to ensure that it can meet its commitments as and when they fall due without borrowing further funds. These funds also take into account Council's longer term capital works program.

4.5 Capital Works Program

This section presents a listing of the capital works projects that will be undertaken for the 2019/2020 year, classified by expenditure type and funding source. Works are also disclosed as new works or carried forward from 2018/2019.

*Projects marked with an asterisk contain contingency. The contingency allocation is developed through an assessment of each project's complexity and needs, and will be accessed (if required) through Council's Project Management Office governance arrangements. When a project is completed, any unspent portion of contingency will be returned to its source funding for further allocation by Council.

Key to Forecast Trend:

- + Forecasts improvement in Council's financial performance/financial position indicator
- o Forecasts that Council's financial performance/financial position indicator will be steady
- Forecasts deterioration in Council's financial performance/financial position indicator

Notes to indicators

1 Adjusted underlying result – An indicator of the sustainable operating result required to enable Council to continue to provide core services and meet its objectives. 2018/2019 and 2019/2020 results have been impacted by the early receipt of 50% of the 2018/2019 Federal Financial Assistant grant funds in June 2018 and 50% of the 2019/2020 Federal Financial Assistant grant funds in June 2019. Excluding the impact of early receipt of Federal Financial Assistance grants funds, the trend for the Adjusted Underlying Result is increasing, highlighting focus by Council on generating annual operating surplus.

2 Working Capital - The proportion of current liabilities represented by current assets. Working capital is forecast to decrease over the next two years largely due to Councils capital works program.

3 Debt compared to rates - Trend reflects pay back of existing debt along with proposed new borrowings in 2020/2021.

4 Asset renewal - This percentage indicates the extent of Council's renewals against its depreciation charge (an indication of the decline in value of its existing capital assets). A percentage greater than 100 indicates Council is maintaining its existing assets, while a percentage less than 100 means its assets are deteriorating faster than they are being renewed and future capital expenditure will be required to renew assets.

5 Rates concentration - Reflects extent of reliance on rate revenues to fund all of Council's on-going services. Trend indicates Council remains reliant on rate revenue compared to all other revenue sources.

Appendix B: Differential Rates

GENERAL LAND

Objective:

To ensure that equitable contribution is obtained from general rates in respect of rateable land, as appropriate having regard to land characteristics, to the cost of carrying out the functions of Council, including the cost of:

1. Construction and maintenance of public infrastructure
2. Development and provision of health and community services
3. Provision of general support services

Types and Classes:

General land is any land that is:

- Used primarily for residential purposes; or
- Any land that is not defined as Farm Land or Commercial/Industrial Land

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the relevant Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of Buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the Financial Year.

FARM LAND

Objective:

To ensure that equitable contribution is obtained from general rates in respect of rateable land, as appropriate having regard to land characteristics, to the cost of carrying out the functions of Council, including the cost of:

1. Construction and maintenance of public infrastructure
2. Development and provision of health and community services
3. Provision of general support services

Types and Classes:

Rateable land having the relevant characteristics described below:

Any land which is "farm land" within the meaning of Section 2(1) of the Valuation of Land Act 1960.

Farm land means any rateable land-

- a) that is not less than 2 hectares in area; and
- b) that is used primarily for grazing (including agistment), dairying, pig-farming, poultry-farming, fish-farming, tree-farming, bee-keeping, viticulture, fruit-growing or the growing of crops of any kind or for any combination of those activities; and
- c) that is used by a business-
 - i. that has significant and substantial commercial purpose or character; and
 - ii. that seeks to make a profit on a continued basis from its activities on the land; and
 - iii. that is making a profit from its activities on the land, or has a reasonable prospect of making a profit from its activities on the land if it continues to operate in the way it is operating.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is set at 90 per cent of the general land rate. The farm rate is lower than other classes because farming operations involve large properties which have significant value and which are often operated as family concerns. Agricultural producers are unable to pass on increases in costs like other businesses. It is also in recognition that farm businesses profitability is affected by weather and international markets, which means that their income is more susceptible and fragile than many other businesses

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the relevant Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of Buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the Financial Year.

COMMERCIAL/INDUSTRIAL LAND

Objective:

To ensure that equitable contribution is obtained from general rates in respect of rateable land, as appropriate having regard to land characteristics, to the cost of carrying out the functions of Council, including the cost of:

1. Construction and maintenance of public infrastructure
2. Development and provision of health and community services
3. Provision of general support services

Types and Classes:

Rateable land having the relevant characteristics described below:

- is used primarily for, or is capable of use primarily for the sale of goods or services; or
- is used primarily for, or is capable of use primarily for industrial purposes, which includes manufacturing, processing, repairing and servicing; or
- is unimproved land but which, by reason of its locality and zoning under the relevant Planning Scheme, would – if developed – be or be likely to be used primarily for the sale of goods or services or other commercial purposes; or
- is unimproved land but which, by reason of its locality and zoning under the relevant Planning Scheme, would – if developed – be or be likely to be used primarily for industrial purposes

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is set at 205 per cent of the general land rate. The differential rate is higher than for other classes as it acknowledges both the taxation benefit allowed to commercial and industrial properties and the relatively lower capacity to pay by the General and Farm classes.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the relevant Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of Buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the Financial Year.

Appendix C: Amendments to the 2019/2020 Budget

This appendix identifies the changes made to the 2019/2020 Budget document following the public display period for the Draft 2019/2020 Budget.

Amendments as a result of Public Submissions

- 2019/2020 Fees and charges for Shepparton Saleyards were reduced to match 2018/2019

Other Amendments

- Pages 19, 21-24, 28-32 - Rates and Charges

The Draft Budget 2019/2020 (including the calculation of proposed rates in the dollar) was prepared and advertised based on Stage 3 valuations. The final budget version for adoption is based on Stage 4 (final stage) valuation which has resulted in minor changes to the advertised rate in the dollars to ensure rate income remains within the 2019/2020 rate cap. These changes are not considered to be material.

Differential	Stage 3 Rate in the Dollar	State 4 (Final Version) Rate in the Dollar	% Change
General	0.00507184	0.00507319	0.03%
Farm	0.00456465	0.00456587	0.03%
Commercial/Industrial	0.01039726	0.01040004	0.03%
Cultural & Recreational	0.00370244	0.00370343	0.03%

- Pages 8, 19, 21-24, 28 & 37 - Operating Grants

- Half of the 2019/2020 Federal Financial Assistance grant funding (\$6,491,079) will be received in June 2019 resulting in a reduction in operating grant income for the 2019/2020 financial year. 2018/2019 forecast actual increased to reflect this.

- Pages 8, 19, 21-26 & 37 - Employee Costs

- \$29,228 and 0.4 FTE increase in Employee Costs due to the inclusion of a new 12 month part time Marketing & Communications position for SAM
- \$346,706 and 4.2 FTE decrease in Employee Costs in Parking Enforcement due to Greater Shepparton no longer providing this service internally.

- Pages 8-19, 21-24, 28 & 38 - Materials and Services

- \$580,998 added for Parking and Enforcement administration changes
- \$300,000 added for landscaping works on the Wanganui/Ford road roundabout
