No Council officers or contractors who have provided advice in relation to this report have declared a conflict of interest regarding the matter under consideration.

#### RECOMMENDATION

**That the Council:**

- 3. publish the 2021 Order in the Government Gazette and in a newspaper circulating in the Municipal District of the Council making the order.**

#### Executive Summary

The Domestic Animals Act 1994 (the Act) provides the context for managing access to public places by dogs and cats and the requirement to keep a dog under effective control.

In accordance with Section 26 of the Act, a Council Order can be made to regulate and/or prohibit the presence of dogs and cats in public places and to impose all or any conditions as to the means of restraint of dogs or cats.

With the recent completion of the Princess Park Off-Leash Dog Park, Council shall now seek to amend the Order to allow dogs to be off-leash within the Designated Area at Princess Park.

## Report Detail

The Domestic Animals Act 1994 (the Act), requires Council to provide adequate animal control services to the community that give effect to the requirements of the Act and the regulations.

This includes the presence and control of dogs and cats on highways and Council land within the municipality.

To adequately give effect to the requirements of the Act, Council may by resolution, make an order under Section 26 of the Act, 'Dogs and cats found in places specified by the Council'.

At the Ordinary Council Meeting on 16 October 2018, Council resolved for the purposes of Section 26 of the Domestic Animals Act 1994, to declare that a person in apparent control of any dog must keep the dog restrained by means of a chain, cord or leash not greater than 3 metres in length and is attached to the dog when the dog is in any reserve or area other than a Designated Area or in any Public place in the municipality.

The Order listed that the only Designated Area was the 100 x 40 metre fully fenced area at Ducat Reserve in Paterson Road, Shepparton.

In line with the Future Directions Plan for Princess Park adopted by Council in February 2019, a new dog park has been developed to provide an enjoyable space for people to get active with their dogs in a beautiful bush setting. The Princess Park Off Leash Dog park is separated into three sections being: a large dog area providing a total available space of 3,413m<sup>2</sup> and a small dog area providing a total available space of 1,510m<sup>2</sup> and a 'dog run' area of 140m<sup>2</sup> designated for the use by one dog at a time to assist with the socialising of young, shy or defensive dogs in a safe manner. Each area contains dog agility equipment to engage the dog and the dog owner in structured play, in addition to general exploration throughout the designated area.

With the recent completion of the Princess Park Off-Leash Dog Park, Council is now seeking to update the Domestic Animals Act 1994 Section 26 Order to allow dogs to be off-leash within the Designated Area at Princess Park.

## Council Plan/Key Strategic Activity

### Policy Considerations

In accordance with the new Order under Section 26 of the Act, it is proposed that the Order created on 16 October 2018 be revoked and a new Order be made so the definition of Designated Area lists the following reserves or part thereof;

- Ducat Reserve, Patterson Road Shepparton, within the fenced area signposted by Council as the 'off leash dog park'; and
- Princess Park, Nixon Street Shepparton, within the fenced area signposted by Council as the 'off leash dog park'.

The new Order will also amend the Conditions of Entry into a Designated Area to include conditions relating to;

- an owner of a dog, regardless if the dog is on leash or off leash within the Designated Area;
- the dog's behaviour;
- the requirement that the owner of a dog must be 18 years of age or older in accordance with the Act; and
- restrict the number of dogs that a person can be in control of from four to two.

The designated off leash dog park areas located in Ducat Reserve and Princess Park, Shepparton, will have the following signage installed at each entrance:

### Off Leash Dog Park CONDITIONS OF ENTRY

A dog may be exercised in this area if the dog owner:

- is 18 years of age or older;
- have their dog on a leash and be attached to the person, before entering and exiting the area;
- remain inside the fenced area with their dog at all times;
- is legally responsible for their dogs and their actions;
- cleans up after their dog;
- ensures their dog is vaccinated, wearing a collar and a current registration tag;
- must immediately remove their dog from this area if the dog shows signs of aggression or mating behaviour;

A dog may be exercised off a chain, cord or leash within this area if the dog owner;

- carries a chain, cord or leash sufficient to bring the dog under effective control by placing the dog on a chain, cord or leash; and
- has effective voice and/or hand control of the dog and is within constant sight of the dog so as to be able to promptly bring the dog under control by placing the dog on a chain, cord or leash;

Any person in this area must;

- Always consult those already using the area before entering
- No smoking
- No alcoholic beverage
- No climbing on fences or equipment
- comply with all conditions of entry
- comply with all directions given by an authorised officer

Conditions of Entry into the off-leash dog park are in accordance with Section 26 of the Domestic Animals Act 1994 and Council Local Laws. Penalties apply.

The Greater Shepparton City Council accepts no responsibility arising out of use of the park and disclaims all liability for any injury to a person or animal or damage to property, including any injury caused by dogs or others at this park. Usage of this park constitutes acknowledgement and acceptance of this disclaimer.

Conditions of Entry into the off-leash dog park Designated Area are in accordance with Section 26 of the Domestic Animals Act 1994 and Council Local Laws. Penalties apply.

### Financial Implications

There are no financial implications associated with this report.

### Legal/Statutory Implications

The state legislation that allows Council to conduct its animal management service is the Domestic Animals Act 1994 (the Act). The purpose of the Act is to promote animal welfare, the responsible ownership of dogs and cats and to protect the environment.

Council is required to ensure that its animal management services are adequate to give effect to the requirements of the Act and the regulations. To adequately give effect to the requirements of the Act, Council may by resolution, make an order under Section 26 of the Act, 'Dogs and cats found in places specified by the Council'.

Section 26 states;

- (1) If a dog or cat is found in a place in respect of which an order under this section has been made in contravention of that order or any terms and conditions of that order, the owner is guilty of an offence and liable to a penalty of not more than 2 penalty units for a first offence and 4 penalty units for a second or subsequent offence.

- (2) A Council may by resolution make an order under this section which may do all or any of the following—
  - (a) prohibit the presence of dogs and cats in any public place of the municipal district of the Council;
  - (b) impose all or any of the following conditions on the presence of dogs or cats in any public place of the municipal district of the Council -
    - i. conditions as to the means of restraint of dogs or cats;
    - ii. conditions as to the times at which the presence of dogs or cats is or is not permitted;
    - iii. any other conditions that are specified in the order.
- (2A) If the Council proposes to make an order under this section in respect of a public place that is on private land, the Council must obtain the agreement of the owner or occupier of the private property to the order before making the order.
- (3) An order made by the Council under this section must be published in the Government Gazette and in a newspaper circulating in the municipal district of the Council making the order.

In 19 December 1996, Council by Order under Section 25 of the Act resolved that cats are prohibited from being at large outside the premises of the owner at any hour during the day or night within the municipality. This Order is still in effect.

At the Ordinary Council Meeting on 16 October 2018, Council resolved for the purposes of Section 26 of the Domestic Animals Act 1994, to declare that a person in apparent control of any dog must keep the dog restrained by means of a chain, cord or leash not greater than 3 metres in length and is attached to the dog when the dog is in any reserve or area other than a Designated Area or in any Public place in the municipality. This Order listed that the only Designated Area was the 100 x 40 metre fully fenced area at Ducat Reserve in Paterson Road, Shepparton.

Section 26(3) of the Act states that “an Order made by Council under this section must be published in the Government Gazette and in a newspaper circulating in the Municipal District of the Council making the order.”

### **Environmental/Sustainability Impacts**

The environment and the protection of wildlife is a strong consideration in the development of the Order as well as the provision of the animal management services. The proposed Order will not be detrimental to the environment and should bring an awareness of the importance of community protection by controlling dogs in public areas.

A conditions of entry sign at each off-leash dog park will promote responsible pet ownership and behaviour which should minimise environmental impacts to reserves and open space.

### **Social Implications**

It has been the experience of other Councils that an order under section 26 of the Act assists in preventing dogs from being a nuisance by not being under effective control and to prevent dog attacks from unrestrained dogs. The proposed order will not have an impact on dogs and cats on land that is privately owned.

### **Economic Impacts**

There are no economic impacts associated with this proposal.

## Consultation

Community consultation has previously been undertaken to confirm support for the establishment of an off-leash area for dogs in Princess Park and to confirm the requirements to control dogs in public places.

## Strategic Links

### a) Greater Shepparton 2030 Strategy

The Greater Shepparton 2030 Strategy lists one of its directions as: *Enhance social connectedness, physical and mental health and wellbeing, education and participatory opportunities in order to improve liveability with a greater range of public open spaces, and recreation and community services.*

Implementation of this project would be consistent with the Greater Shepparton 2030 Strategy. One of the main outcomes of this project is to encourage dog owners throughout the Municipality to be responsible pet owners by preventing dogs from becoming a nuisance, to protect the community from dog attacks caused by unleashed dogs and to improve the health of both humans and dogs through exercise at any designated off leash dog park.

### b) Other Strategic Links

Domestic Animal Management Plan 2018-2021

Nuisance Animals – Objective - *minimise the potential for dogs and cats to create a nuisance.*

Dog Attacks – Objective - *minimise the risk of attacks by dogs on people and animals.*

## Conclusion

To adequately give effect to the requirements of the Act, the current order made under Section 26 of the Domestic Animals Act 1994 is to be amended to include the new Princess Park off leash dog park as a Designated Area for dogs to be exercised off leash and in accordance with the Order conditions.
