

Vaughan Street Landscaping Concept Plans - Consultation Submissions  
July-August 2020

Submission Content	Response
<b>1</b> Concerns re safety of pedestrians from freight delivery trucks/ vehicles exiting off street parking/loading bay, damage to trees & new infrastructure from trucks.	Concerns will be considered and resolved during the detailed design phase.
<b>2</b> In favour of plans; complaint re current construction noise.	Complaint addressed and resolved with submitter.
<b>3</b> In favour of plans, commends Council's foresight; concerns re access to car parks during works, shortening of car parks in road centre as longer vehicles (caravans etc) have no access to alternate parking, and loss of entry to staff car park on corner of Hoskins and Vaughan.	Concerns will be considered and resolved during the detailed design phase.
