

FOLLOW YOUR RUBBISH TOURS

GREATER SHEPPARTON

OPTION 1 Visit all 3 sites

Cosgrove Landfill, Western Composting and the Shepparton Resource Recovery Centre (SRRC)

Students visit our local **landfill** to see where the rubbish from the **red lid bin** is disposed and how Council collects gases from the landfill to create renewable energy. Next stop is **Western Composting** to see how the food and garden waste from your **green lid bin** is turned into compost. The last stop is the **SRRC**, this is a facility open to the community to assist with the disposal of households items such as fridges, paint, batteries, polystyrene and e-waste.

Timing: 2 hours and 30 minutes (including travel time)

OPTION 2 Visit 2 sites

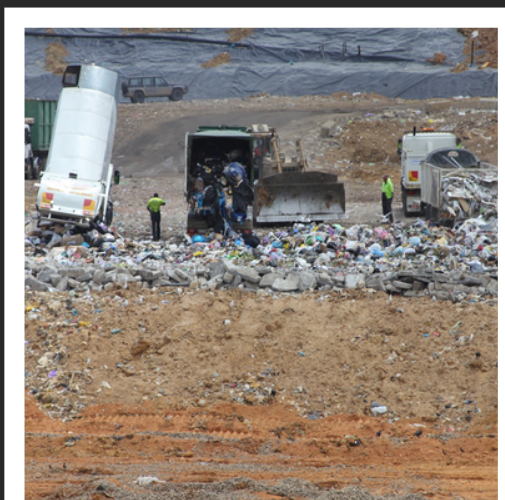

Choose to visit two of the waste management sites.

Timing: 1- 2 hours (this will be dependant on sites chosen)

OPTION 3 Visit 1 site only

Choose to visit to just one of the waste management sites.

Timing: 30 minutes - 1 hour (this will be dependant on site chosen)

OTHER INFO:

Your school needs to arrange your own transport. Please advise students to wear closed in shoes, bring a hat and a reusable water bottle. Maximum 40 people per tour (please note, these tours are for students grade 2 and above).

Provided: Council will provide high vis jackets for all students and teachers.
